International Journal of Eating Disorders

Subject Index to Volume 19

ACADEMY FOR EATING DISORDERS

Academy for eating disorders, Powers, 1

ADOLESCENCE

Course and outcome in adolescent anorexia nervosa, Herpertz-Dahlmann et al., 335

Immunologic cytofluorometric studies in adolescents with anorexia nervosa, Silber and Chan, 415

Sexual orientation and prevalence of body dissatisfaction and eating disordered behaviors: A population-based study of adolescents, French et al., 119

AMERICAN MINORITY GROUPS

Eating disturbances among American minority groups: A review, Crago et al., 241

ANOREXIA NERVOSA

Anorexia nervosa and steroid withdrawal, Morgan and Lacey, 213

Anorexia nervosa following gastroplasty in the male: Two cases, Bonne et al., 105

Body weight in acute anorexia nervosa and at follow-up assessed with percentiles for the body mass index: Implications of a low body weight at referral, Hebebrand et al., 347

Bone density patterns in women with anorexia nervosa, Siemers et al., 179

Clinical correlates of anorexia nervosa subtypes, Pryor et al., 371

Course and outcome in adolescent anorexia nervosa, Herpertz-Dahlmann et al., 335

Food preferences and desire to eat in anorexia and bulimia nervosa, Stoner et al., 13

Immunologic cytofluorometric studies in adolescents with anorexia nervosa, Silber and Chan, 415

In defense of weight phobia as the central organizing motive in anorexia nervosa: Historical and cultural arguments for a culture-sensitive psychological conception, Habermas, 317

Perfectionism in weight-concerned and -unconcerned women: An experimental approach, Pliner and Haddock, 381

Seasonality of symptoms in anorexia and bulimia nervosa, Lam et al., 35

Self-starvation through the ages: Reflections on the pre-history of anorexia nervosa, Bemporad, 217

The reliability of bioelectrical impedance analysis for measuring changes in the body composition of patients with anorexia nervosa, Birmingham et al., 313

The sexual experience of women diagnosed with anorexia nervosa or bulimia nervosa, Wiederman et al., 109

Use of percentiles for the body mass index in anorexia nervosa: Diagnostic, epidemiological, and therapeutic considerations, Hebebrand et al., 359

International Journal of Eating Disorders, Vol. 19, No. 4, 425–430 (1996)

CCC 0276-3478/96/190425-06

BINGE EATING

Burned out binge eaters: A preliminary investigation, Eldredge and Agras, 411

Clinical correlates of anorexia nervosa subtypes, Pryor et al., 371

Comorbidity of binge eating disorder and the partial binge eating syndrome with bipolar disorder, Krüger et al., 45

Discriminant function analysis of depressive symptoms in binge eating disorder, bulimia nervosa, and major depression, Crow et al., 399

Eating disorders and weight concern among lesbians, Heffernan, 127

Exercise in the treatment of binge eating disorder, Levine et al., 171

Weight and shape overconcern and emotional eating in binge eating disorder, Eldredge and Agras, 73

BIOELECTRICAL IMPEDANCE ANALYSIS (BIA)

The reliability of bioelectrical impedance analysis for measuring changes in the body composition of patients with anorexia nervosa, Birmingham et al., 313

BIPOLAR DISORDER

Comorbidity of binge eating disorder and the partial binge eating syndrome with bipolar disorder, Krüger et al., 45

BODY DISSATISFACTION

On the relationship between dieting and "obese" and bulimic eating patterns, van Strien, 83

BODY IMAGE

Explanations of body image disturbance: A test of maturational status, negative verbal commentary, social comparison, and sociocultural hypotheses, Stormer and Thompson, 193

Sexual orientation and prevalence of body dissatisfaction and eating disordered behaviors: A population-based study of adolescents, French et al., 119

BODY MASS INDEX (BMI)

Body shape ideals across gender, sexual orientation, socioeconomic status, race, and age in personal advertisements, Epel et al., 267

Body weight in acute anorexia nervosa and at follow-up assessed with percentiles for the body mass index: Implications of a low body weight at referral, Hebebrand et al., 347

Use of percentiles for the body mass index in anorexia nervosa: Diagnostic, epidemiological, and therapeutic considerations, Hebebrand et al., 359

BODY SHAPE

Body shape ideals across gender, sexual orientation, socioeconomic status, race, and age in personal advertisements, Epel et al., 267

Cross-cultural differences in maternal evaluation of children's body shapes, Hodes et al., 259

BODY TYPE PREFERENCES

Racial differences in body type preferences of men for women, Greenberg and LaPorte, 277

BONE MINERAL DENSITY

Bone density patterns in women with anorexia nervosa, Siemers et al., 179

BULIMIA NERVOSA

Characterization of the "seasonal" bulimic patient, Levitan et al., 187

Discriminant function analysis of depressive symptoms in binge eating disorder, bulimia nervosa, and major depression, Crow et al., 399

Eating disorders and weight concern among lesbians, Heffernan, 127

Food preferences and desire to eat in anorexia and bulimia nervosa, Stoner et al., 13

Is bulimia nervosa increasing in frequency?, Fombonne, 289

On the relationship between dieting and "obese" and bulimic eating patterns, van Strien, 83

Rapid responders to intensive treatment of bulimia nervosa, Olmsted et al., 281

Seasonality of symptoms in anorexia and bulimia nervosa, Lam et al., 35

Specific comorbidity between bulimia nervosa and personality disorders, Carroll et al., 159

The sexual experience of women diagnosed with anorexia nervosa or bulimia nervosa, Wiederman et al., 109

Treating bulimia nervosa in primary care: A pilot study, Waller et al., 99

Weight and shape overconcern and emotional eating in binge eating disorder, Eldredge and Agras, 73

Were the Roman emperors Claudius and Vitellius bulimic?, Crichton, 203

CHILDREN

Cross-cultural differences in maternal evaluation of children's body shapes, Hodes et al., 259

The use of the eating disorder examination with children: A pilot study, Bryant-Waugh et al., 391

COGNITIVE BEHAVIORAL DIETING SCALE (CBDS)

Development and preliminary validation of the cognitive behavioral dieting scale, Martz et al., 299

COLOR NAMING

Task dependence in color-naming latency among dieters, Huon and Brown, 405

CROSS-CULTURAL DIFFERENCES

Cross-cultural differences in maternal evaluation of children's body shapes, Hodes et al., 259

DEPRESSION

Discriminant function analysis of depressive symptoms in binge eating disorder, bulimia nervosa, and major depression, Crow et al., 399

DEXFENFLURAMINE

Evaluation of dexfenfluramine in a weight loss program for obese infertile women, Galletly et al., 209

DIETING BEHAVIOR

Development and preliminary validation of the cognitive behavioral dieting scale, Martz et al., 299

EATING ATTITUDE TEST (EAT)

The eating attitudes test and the eating disorders inventory in four Bulgarian clinical and nonclinical samples, Boyadjieva and Steinhausen, 93

EATING DISORDERS EXAMINATION (EDE)

The use of the eating disorder examination with children: A pilot study, Bryant-Waugh et al., 391

EATING DISORDERS INVENTORY (EDI)

The eating attitudes test and the eating disorders inventory in four Bulgarian clinical and nonclinical samples, Boyadjieva and Steinhausen, 93

ENVIRONMENTAL PRESSURES

Issues and concerns associated with different risk models for eating disorders, Leung et al., 251

EXERCISE

Exercise in the treatment of binge eating disorder, Levine et al., 171

FAMILIAL EATING CONCERNS

Familial eating concerns and psychopathological traits: Causal implications of transgenerational effects, Steiger et al., 147

FOOD PREFERENCES

Food preferences and desire to eat in anorexia and bulimia nervosa, Stoner et al., 13

GASTROPLASTY

Anorexia nervosa following gastroplasty in the male: Two cases, Bonne et al., 105

IMMUNOLOGIC CYTOFLUOROMETRIC STUDIES

Immunologic cytofluorometric studies in adolescents with anorexia nervosa, Silber and Chan, 415

INFERTILITY

Evaluation of dexfenfluramine in a weight loss program for obese infertile women, Galletly et al., 209

INTENSIVE TREATMENT

Rapid responders to intensive treatment of bulimia nervosa, Olmsted et al., 281

INTRAINDIVIDUAL CHARACTERISTICS

Issues and concerns associated with different risk models for eating disorders, Leung et al., 251

MATERNAL ATTITUDES

Cross-cultural differences in maternal evaluation of children's body shapes, Hodes et al., 259

OBESITY

Effects of weight cycling on the resting energy expenditure and body composition of obese women, Wadden et al., 5

Evaluation of dexfenfluramine in a weight loss program for obese infertile women, Galletly et al., 209

Explanations of body image disturbance: A test of maturational status, negative verbal commentary, social comparison, and sociocultural hypotheses, Stormer and Thompson, 193

On the relationship between dieting and "obese" and bulimic eating patterns, van Strien, 83

Weight and shape overconcern and emotional eating in binge eating disorder, Eldredge and Agras, 73

PARENTAL PSYCHOPATHOLOGY

Issues and concerns associated with different risk models for eating disorders, Leung et al., 251

PERFECTIONISM

Perfectionism in weight-concerned and -unconcerned women: An experimental approach, Pliner and Haddock, 381

PERSONAL ADVERTISEMENTS

Body shape ideals across gender, sexual orientation, socioeconomic status, race, and age in personal advertisements, Epel et al., 267

PERSONALITY DISORDERS

Specific comorbidity between bulimia nervosa and personality disorders, Carroll et al., 159

PRIMARY CARE

Treating bulimia nervosa in primary care: A pilot study, Waller et al., 99

PSYCHOPATHOLOGICAL TRAITS

Familial eating concerns and psychopathological traits: Causal implications of transgenerational effects, Steiger et al., 147

RACIAL DIFFERENCES

Racial differences in body type preferences of men for women, Greenberg and LaPorte, 277

RAMONA CASE

"Recovered memory" therapy for eating disorders: Implications of the Ramona verdict, Pope and Hudson, 139

RECOVERED MEMORY THERAPY

"Recovered memory" therapy for eating disorders: Implications of the Ramona verdict, Pope and Hudson, 139

RESTING ENERGY EXPENDITURE (REE)

Effects of weight cycling on the resting energy expenditure and body composition of obese women, Wadden et al., 5

RISK MODELS

Issues and concerns associated with different risk models for eating disorders, Leung et al., 251

ROMAN EMPERORS

Were the Roman emperors Claudius and Vitellius bulimic?, Crichton, 203

SEASON OF BIRTH

Season of birth and eating disorders, Rezaul et al., 53

SEASONAL AFFECTIVE DISORDER (SAD)

Seasonality of symptoms in anorexia and bulimia nervosa, Lam et al., 35

SEASONAL PATTERN ASSESSMENT QUESTIONNAIRE (SPAQ)

Characterization of the "seasonal" bulimic patient, Levitan et al., 187

SELF-STARVATION

Self-starvation through the ages: Reflections on the pre-history of anorexia nervosa, Bemporad, 217

SEXUAL ABUSE

"Recovered memory" therapy for eating disorders: Implications of the Ramona verdict, Pope and Hudson, 139

SEXUAL EXPERIENCE

The sexual experience of women diagnosed with anorexia nervosa or bulimia nervosa, Wiederman et al., 109

SEXUAL ORIENTATION

Eating disorders and weight concern among lesbians, Heffernan, 127

Sexual orientation and prevalence of body dissatisfaction and eating

disordered behaviors: A population-based study of adolescents, French et al., 119

STEROIDS

Anorexia nervosa and steroid withdrawal, Morgan and Lacey, 213

TRANSGENERATIONAL EFFECTS

Familial eating concerns and psychopathological traits: Causal implications of transgenerational effects, Steiger et al., 147

TWIN POPULATION

Structure of disordered eating in a twin community sample, Wade et al., 63

VERTICAL BANDED GASTROPLASTY (VBG)

Eating disturbances before and after vertical banded gastroplasty: A pilot study, Hsu et al., 23

WEIGHT CYCLING

Effects of weight cycling on the resting energy expenditure and body composition of obese women, Wadden et al., 5

WEIGHT PHOBIA

In defense of weight phobia as the central organizing motive in anorexia nervosa: Historical and cultural arguments for a culture-sensitive psychological conception, Habermas, 317
